

Number Presentation - Visual Solution

Visually Identify your Inbound Calls

If your telephone has 'Caller ID', then we can present your Inbound Number (the Dialed Number) to your Caller ID display, instead of the Caller's Number.

This means you have a quick and easy visual way to identify which Phone Number is being called, or which Advert is being responded to.

- Show Dialed Number on your Caller's ID instead of the Callers Number
- Quickly Identify which Phone Number has been Called
- Measure the effectiveness of Advertising and Marketing
- Works on any of our Inbound Phone Numbers
- No extra hardware needed - Network based Service
- No configuration changes needed to Telephone Systems or Handsets
- Works on any Standard PSTN, Mobile, International or VoIP telephone

Setting Up Number Presentation

Once you have purchased one of our Phone Numbers, the Number Presentation service can be Set Up instantly online.

Prices

| Service | Set Up Charge | Monthly Charge |
|----------------------------|---------------|----------------|
| Dialed Number Presentation | £9.95 | £25.00 |

Prices shown exclude VAT.
